

Endever Furniture
TERMS AND CONDITIONS

- 1) Project scheduling will begin upon receipt of 50% initial deposit.

- 2) Prices quoted do not include TX sales tax. TX state sales tax will be applied to all projects.

- 3) Wood is a natural occurring product and it's properties are not always consistent from board to board. We cannot ensure that each part of the project will look 100 percent alike, nor can we guarantee that the project will exactly match initial samples or pictures. Client must allow for a range of color on its finished products. This acceptable color range may sometimes span a few shades above or below the average shade for a stain/species combination. Wood can also expand and contract seasonally. We do our very best to use construction techniques to combat this natural tendency, but we cannot guarantee that wood will not split or separate due to expansion/contraction issues. Damage to woodwork, finish, or any defect due to exposure to excessive moisture, heat, humidity, or cold will be the responsibility of the client to arrange for repairs. Wood movement, raising of grain, or any other problem or defect arising from exposure to moisture or sun at the client site is not the responsibility of Endever Furniture.

- 4) Endever Furniture is not responsible for any plumbing, electrical, flooring, painting, decoration or other construction work unless specifically stated in the design specifications and construction details that are part of a written contract

- 5) Endever Furniture does not guarantee completion or delivery dates. Any estimated dates quoted are an estimate only. We try our best to complete projects within a specified time frame, but sometimes there are things out of our control that slow down the process.

- 6) Final Payment - Client agrees to make final payment as projects are delivered or picked up by the client.
